

Scorpion Alarm & Tracking Options

Your motorhome or caravan is a significant financial investment and one which you and your family may have developed an emotional bond too. So – it's important you take steps to keep it safe and secure. That is why Total Vehicle Solutions only install high quality security and safety systems from a trusted supplier, Scorpion Automotive.

Established in 1973, Scorpion Automotive have a long established track record of developing, manufacturing and supplying motorhome and caravan security systems that evolve with changing technologies and the increasingly sophisticated methods of theft. This, combined with our many years' experience in automotive security means that we can deal with all aspects of your vehicle security. Whether you're looking to upgrade with a Thatcham approved or a non-Thatcham approved alarm, stolen vehicle tracking or an engine immobiliser - we can cater to all your needs.

Alarms & Security

Scorpion Automotive manufacture and supply a range of Insurance approved (Thatcham Accredited) electronic alarm and immobiliser systems for motorhome dealers and owners throughout the UK.

The immobilisers are designed to work independently from the manufacturer's in-built security so it's not susceptible to attack from electronic hacking via a motorhome's OBD port or known vulnerabilities.

Thatcham Category 2-1 Upgrade Alarms

Brand	Product Code	Image	Description
	Sigma S32 Thatcham Category 2-1 Upgrade Alarm		Thatcham Category 2-1 Upgrade Alarm, utilises original equipment radio keys, immobiliser, perimeter and ultrasonic interior protection. Key Theft Upgrade available via keypad. 24 month Warranty.
	Sigma S34 Thatcham Category 2-1 Upgrade Alarm		Thatcham Category 2-1 Upgrade Alarm with new radio keys, immobiliser, perimeter and ultrasonic interior protection. Key Theft Upgrade available via keypad. 24 month Warranty.

For more information on our alarm accessories – Microwave sensors, tilt sensors, narcotic gas sensors, wireless PIR switches and door contacts or additional remote control keyring units, call TVS on 01460 55 360 for advice.

Our Sigma S Series range offers a full remote control system linked to the vehicle's central door locking, or to interface with the manufacturer's pre-installed remote locking system. All models offer perimeter and ultrasonic interior protection.

Stolen Vehicle & Continual Tracking

ScorpionTrack DRIVER actively protects your vehicle against illegal movement using GPS technology along with movement detection sensors hidden within the vehicle. Upon Illegal movement of the vehicle, The ScorpionTrack Monitoring Team will discretely notify our international control centre of a possible theft.

ScorpionTrack DRIVER is able to provide, speed, direction, ignition state, battery condition and location details to the Police control room in the event of a theft. Subject to environmental variables, ScorpionTrack is accurate to within 10 metres.

This information is gained using the very latest in UK designed and manufactured electronics along with the already proven GPS and GSM technologies.

ScorpionTrack DRIVER is recognised by Insurance Companies and has full Thatcham Accreditation.

For more information, speak to Total Vehicle Systems on 01460 55360 or email info@totalvehiclesystems.co.uk. Alternatively, visit our website at www.totalvehiclesystems.co.uk

ScorpionTrack DRIVER Tracking System

Why Choose ScorpionTrack DRIVER for your new Motorhome?

ScorpionTrack S5-VTS and S7-ALS feature 24/7/365 theft monitoring to provide security and peace of mind whilst offering a comprehensive range of driver convenience features for life on the road.

ScorpionTrack S5-VTS and S7-ALS have been subjected to the rigorous Thatcham test requirements to meet their new TSC level in vehicle tracking system approval. This will cater for any insurance company tracking system requirement.
