ScorpionTrack DRIVER S5-VTS

ScorpionTrack DRIVER S5-VTS Vehicle Tracking System

ScorpionTrack DRIVER S5-VTS features 24/7/365 theft monitoring to provide security and peace of mind whilst offering a comprehensive range of driver convenience features for life on the road.

With a vehicle stolen every 6 minutes* and theft practices changing to overcome new vehicle technologies. **ScorpionTrack DRIVER S5-VTS** remains at the forefront of vehicle security and telematics.

- GPS, GLONASS & Galileo satellite location provides ultimate accuracy especially in built-up areas whilst Multi-network Roaming GSM technology ensures ultimate reliability with European Coverage Included as standard with no hidden charges.

- **ScorpionTrack DRIVER S5-VTS** has been subjected to rigorous Thatcham test criteria to meet their S5-VTS standards. This complies with any insurance company TQA tracking system requirement.

Upon unauthorised movement detection, the **ScorpionTrack DRIVER S5-VTS** device discretely notifies our 24/7/365 Monitoring Centre of a possible theft.

* Police recorded crime and Crime Survey England & Wales for year ending March 2017

- **ScorpionTrack DRIVER S5-VTS** provides live speed, direction, ignition state, battery condition and location data to the appropriate Police Force control rooms in the event of a theft.

- The tracking system is supplied with two discreet Automatic **DRIVER S5-VTS** Recognition (ADR) tags. If the vehicle is moved without the tag present, the unit sends an alert to our 24/7 Monitoring Centre who, in turn, will contact you to confirm whether a theft has occurred.

- Optional remote starter motor immobilisation or auto activated when ADR tag is not present.

- Activated by the **ScorpionTrack DRIVER S5-VTS** Monitoring Team with Police authorisation, the vehicle starter motor is inhibited preventing the engine from being restarted. Additional hardware required at the point of installation.

- ADR Option - The vehicle will only start when the authorised driver is in possessing the ADR tag is present.

In addition to its unique theft protection technology, **ScorpionTrack DRIVER S5-VTS** offers a number of useful features for life on the road - Journey History, Geofence Alerts, Private and business mileage reports, Live Dashboard graphs, **DRIVER S5-VTS** Behaviour, Transport Mode/Garage Mode and Privacy Mode

ScorpionTrack DRIVER S5-VTS Mobile App

Available on iOS and Android, the **ScorpionTrack DRIVER S5-VTS** mobile app allows you to remotely access and manage numerous vehicle security, safety and convenience features including:

- Touch ID or Pin Code Log-in
- Real time vehicle location & status updates
- Enable/disable multiple alert types
- Account management, preferences and modes
- Find my vehicle with directions
